

✦ What is **STUG**? ✦

Technology education for everyone — and computers for those who need them

About STUG

 **501(c)(3) non-profit**, all-volunteer — providing technology education to members.

 **200+ members** and growing — up 10% over last year, many from outside Sarasota.

 All meetings, classes & discussion groups held **online via Zoom** — iPhone/iPad, Windows, apps, AI, and member help.

 Membership is **\$30/year** for a single member or household.

 Monthly meeting: **1st Wednesday, 6:30-8 pm** — help desk at 6:30, presentation at 7. Guests welcome to sample.

 **The Monitor**, our monthly e-newsletter, plus a members-only Q&A before every meeting and active email support.

 Questions? Contact President Jim Cerny at jimcerny123@gmail.com

The Refurb Project

 STUG volunteers **refurbish donated computers** and give them free to those who need one and can't afford it.

 Over **25,000 computers** provided to the community since the program began.

 All personal data **wiped** and fresh software installed — ready to go for students, job seekers, and non-profits.

 Each refurb costs **\$35-\$50**. **Cash & device donations** from the public are always welcome.

 Computers are donated by **individuals, companies, schools & county agencies**.

 Refurbished computers go to **seniors, job seekers, students & non-profits** — just write a brief note of need to request one.

Stay Current. Stay Connected. Stay Confident.
