Imposter Scams

By Judy Taylour

Scammers are experts at pretending to be someone they're not. In this engaging and senior-friendly presentation, you'll learn how today's criminals use phone calls, emails, text messages, pop-ups, social media, and fake websites to impersonate trusted organizations and individuals.

Topics include government impostors, fake bank fraud alerts, tech support scams, grandparent scams, romance scams, QR code scams, scareware, cryptocurrency fraud, Medicare scams, utility shutoff threats, subscription renewal scams, and more.

Filled with colorful illustrations and practical advice, this presentation teaches attendees how to recognize warning signs and protect themselves by remembering three simple words:STOP • VERIFY • THEN ACT

HELP DESK - Held prior to our regular monthly meeting on Zoom

Do you have a technical-related problem or question? Then join us at the Help Desk. All STUG members are welcome to ask our panel of experts for help. You can also join just to listen in as well if you wish and learn something new to avoid future problems. To attend, just join the monthly Zoom meeting early (at 6:30 pm,). If you have any questions about the "Help Desk"
session, please contact Jim Cerny at jimcerny123@gmail.com
